# Where will your donation go?

Pepea Trust received 450 square meters of land from a kind and generous small-holder farmer. We desire to utilize this land for the benefit of Deep Sea residents and others like them, who exist precariously with the very real and previously experienced threats of losing their dwellings (tin shacks) to demolitions.

The planned building will be held by a trust with very specific statutory purposes to prevent any change of the intended use and to ensure that it will remain forever at the service of the original beneficiaries.

To this end, we have decided to include in the board of directors not only people who have spent their lives dedicating themselves to those on the margins but also the poor people of the slum. Pepea project offers a holistic solution to problems affecting people living in slums and other informal settlements and takes special care to foster self-esteem and critical thinking in them.

**Pepea Trust** will also share in the management of the building in collaboration with other charitable entities:

Rainbow For Africa UK (an NGO of medical personnel located in UK), Engim (an Italian NGO), the Missionary Centre of the Friars Minor of Puglia and Molise (Italy), Afrika Pendaneni Limited (a profit-sharing company run by the entrepreneurial workers of Deep Sea), Deep Sea Simama CBO (a Community Based Organisation in the slum) and 'I Care' Don Milani Association (an unformal association of teachers who teach in Deep sea).

## Our Goal

Despite various limitations, we dream of creating a 'microcosm' of a new world, a community that embraces everyone.

A PLACE to welcome and offer radical hospitality to some street children (chokorà) and people living with disabilities who are abandoned in the slums and alleyways of Nairobi.

**A SPACE** where entrepreneurial activities by the women of Deep Sea and educational paths for the children can take root and flourish.

A COORDINATING centre for international medical aid.

A CENACLE that promotes Africa's culture, human rights and fosters ecumenical and interreligious spirituality

## Support PEPEA Project

The **Pepea Project** intends to create a **safe haven, small utopia** - where the oppressed: -those that are excluded, impoverished, marginalized or discriminated against – are welcomed and can collaborate with all those involved to share in paths of **liberation and hope**. In Kiswahili language, **pepea means 'to fan or flutter**' with a specific purpose, for example ... in order to take flight and soar like a bird or butterfly **(kipepeo)**.

Your contribution makes you a part of this community too, together with the children and adults of Deep Sea slum, and all of us who have chosen to live out our mission amongst them.

COORDINATION

#### HEALTH CARE

Pepea Trust coordinates all activities and, thanks to educational sponsorships of children, deals directly with the rehabilitation of street children, the support of the poorest children and the assistance of abandoned people living with disabilities.

This NGO is involved in the training of local health personnel, the development of existing hospital

Rainbow for Africa UK

facilities and the assistance of the acutely sick.

### Africa Pendaneni Ltd

#### JOB CREATION

This profit-sharing company, made up of informal settlement dwellers, aims to create decent jobs that help people rise out of abject poverty.

## Deepsea Simama

#### MICROCREDIT AND LOCAL VOLUNTEERING

This community-based organisation is made up of **Deep Sea residents** who conduct **micro-credit** and **savings activities** and monitor the plight of the most vulnerable in Deep Sea slum.

The simple and practical building will consist of several floors because of the limited space.

The total cost of construction in local currency is Ksh 52,150,000, which translates into roughly

€ 450 per square meter, depending on the exchange rate fluctuations.
