Where will your donation go?

Pepea Trust received **450 square meters of land** from a kind and generous small-holder farmer. We desire to utilize this land for the benefit of **Deep Sea residents** and others like them, who exist precariously with the very real and previously experienced **threats of losing their dwellings** (tin shacks) to demolitions.

The planned building will be held by **a trust with very specific statutory purposes to prevent any change of the intended** use and to ensure that it will remain forever at the service of the original beneficiaries.

To this end, we have decided to **include in the board of directors** not only people who have spent their lives dedicating themselves to those on the margins but also **the poor people of the slum.** Pepea project offers a **holistic solution to problems affecting people living in slums** and other informal settlements and takes special care to foster self-esteem and critical thinking in them.

Pepea Trust will also share in the management of the building in collaboration with other charitable entities:
Rainbow For Africa UK (an NGO of medical personnel located in UK), **Engim** (an Italian NGO), the **Missionary Centre of the Friars Minor of Puglia and Molise** (Italy), **Afrika Pendaneni Limited** (a profit-sharing company run by the entrepreneurial workers of Deep Sea), **Deep Sea Simama CBO** (a Community Based Organisation in the slum) and **'I Care' Don Milani Association** (an unformal association of teachers who teach in Deep sea).

Our Goal

Despite various limitations, **we dream of creating a 'microcosm' of a new world**, a community that embraces everyone.

A PLACE to welcome and offer radical hospitality to some street children (chokorà) and people living with disabilities who are abandoned in the slums and alleyways of Nairobi.

A SPACE where entrepreneurial activities by the women of Deep Sea and educational paths for the children can take root and flourish.

A COORDINATING centre for international medical aid.

A CENACLE that promotes Africa's culture, human rights and fosters ecumenical and interreligious spirituality

Support PEPEA Project

The **Pepea Project** intends to create a **safe haven, small utopia** - where the oppressed: -those that are excluded, impoverished, marginalized or discriminated against – are welcomed and can collaborate with all those involved to share in paths of **liberation and hope**. In Kiswahili language, **pepea means 'to fan or flutter'** with a specific purpose, for example ... in order to take flight and soar like a bird or butterfly **(kipepeo)**.

Your contribution makes you a part of this community too, together with the children and adults of Deep Sea slum, and all of us who have chosen to live out our mission amongst them.
